

Toller Rescue Inc.

Adoption Fence Policy

Toller Rescue, Inc. is dedicated to finding the best possible homes for our rescues. We strive to match our dogs with owners who will provide them with a safe environment. Therefore, we enforce the following fence policy for the well-being of all dogs placed for adoption by TRI:

- TRI requires a 5-foot fully fenced yard; a rescue dog is a high flight risk.
- Dog(s) will need to be leashed within fenced area until they adapt to their new home and yard. We ask that you not allow dogs to be off leash outside of a fenced area; the stress of an injured dog, missing dog is not worth the stress or money to allow it to happen.
- Invisible fencing is not approved for our fence requirement. Electric fences are only permitted when used in conjunction with a 5-foot fence.
